

# GORHAM CAMPUS

## LOCATION #1

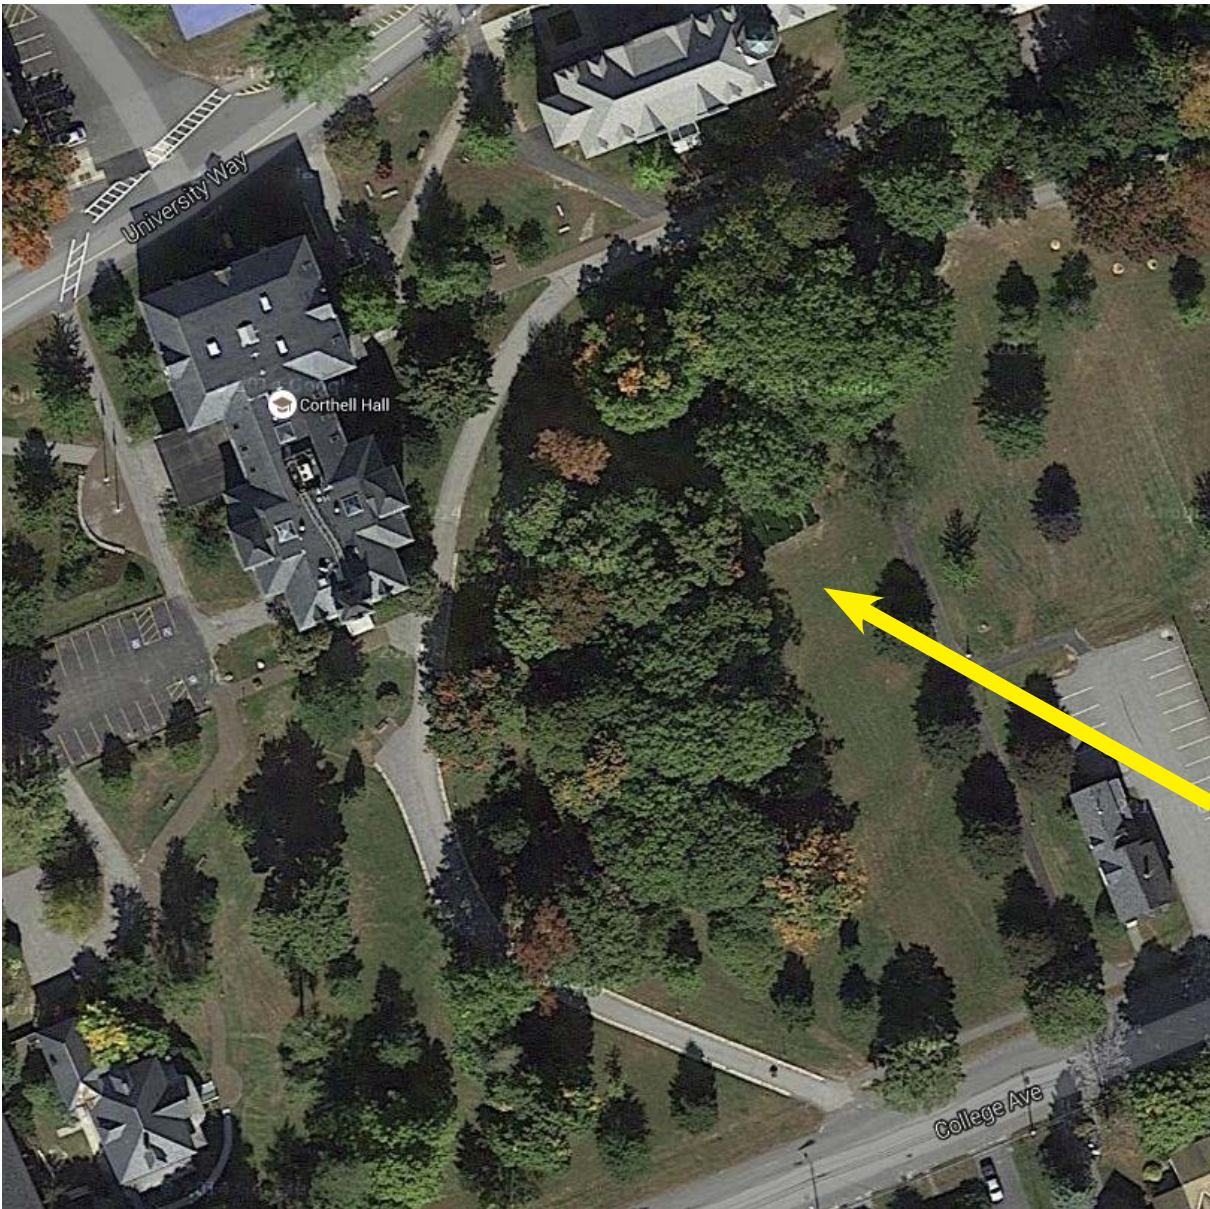

Exterior, between Bailey Hall and Russell Hall. This location currently has a poured cement pad that was used for a previous piece of exterior artwork. The pad is approximately 7' x 10'.

## LOCATION #2

Exterior, south of Robie Andrews Hall. This spot currently includes hedges that spell "USM" from an aerial perspective. It is a spot where many students congregate.

## LOCATION #3

Exterior, north edge of Hodgdon Field. This spot currently has a small circular cement pad that has two man-hole covers that will need to be accessed. It is one of the highest points on campus where you can see all the way to the White Mountains.

## LOCATION #4

Exterior, east of Brooks Student Center. This is a grass area east of the small parking lot. Students, faculty and visitors can also view it from the second story of the Student Center and the upper floors of Upton Hastings Hall.
